

English

Literacy this term will be based upon Anthony Browne's texts 'Gorilla' and 'The Tunnel'. We will emphasise with the main characters in each story and role play, imagine and write from different characters perspectives. Then we will go through 'the tunnel' and draft our own exciting adventure stories, edit and publish them for display!

PE

This term we will be developing our athletics skills and learning cricket.

R.E

This term we will be exploring Jewish celebrations.

I.C.T

In ICT this term we will be creating our own stop motion animations using to demonstrate our learning about states of matter in chemistry.

Summer Term 1- Year 3/4 'What's the Matter?'

Topic ~ Science

This term we will begin with a quick recap of solids, liquids and gases from Science Week. Then we will explore temperature and how to use a thermometer. After that, we will learn about how materials can change state. We will also understand the terms evaporation and condensation and how water is a reversible change. We will end the term looking at air pressure and carry out some exciting enquires!

Music

The Year 4 children will begin rehearsing with their glockenspiel for the trip to the Bridgewater Hall in June where they will be playing alongside the Halle Orchestra and other schools in Cheshire East. This is always an exciting event!
Year 3 will use graphic notation to compose a piece of music using body percussion in the style of Anna Meredith.

Maths

This term we will begin by developing our understanding of statistics and the ability to interpret tables and graphs. Then we will rehearse mental strategies for addition, subtraction multiplication and division. After that we will explore the properties of 2D shapes including quadrilaterals and triangles. By now, our rehearsal of the timetables up to 12 x12 should be becoming more familiar. Now we need to improve our speedy recall of division facts.

Modern Foreign Languages

Spanish lessons will continue every Monday. We are now developing our ability to read and write in Spanish as well as speak in simple conversation.

Design and Technology

This term we will develop our understanding of food technology. We will design, advertise, make and sell a low cost confectionary product in school to raise money for a chosen charity. Then we will discuss the success of the product by calculating the profit.
